

AVI REQUIREMENTS

Dear All, kindly note below are requirements for both exports and imports:

Exports

1. Import permits in the country of destination
2. Export permit (Local)
3. Veterinary certificates (health certificate i.e. rabies and international sanitary certificate)
4. AVI movement permit
5. Tax Payers Identification Number (TPIN) preferable for Vet Clinic PETVET or Showground's Veterinary for customs purposes.
6. Chip number is required for exports into EU
7. Booking should be done 14 days in advance and confirmation of booking 5 days before departure
8. Kennel Size- depends on size of AVI, the kennel should be big enough for the animal to stand without reaching the roof and enough space for it to move around. Note there are standard acceptable kennel sizes.
9. A final quotation is given upon verification of weights and volumes after receipt of shipment in our warehouse.

Imports

1. Export permits from country of origin
2. Import permit from local veterinary clinics (preferable Pet vet or Showground's Vet)
3. Health certificates
4. Air way bill if coming in as cargo
5. If coming in as excess luggage import permit will be used to customs clear
6. TPIN either for consignee or Pet agent (Showground's/Pet vet)
7. Documents to be forwarded before AVI arrival for pre clearance
8. Collection is upon arrival if all customs formalities have been completed
9. Handling
